- **So easy to navigate. Simply find your parts and order. It's intuitive.** Online presence is essential in today's business climate. Now offer ALL customers 24/7 online ordering direct to your printer! Easy lookup, ordering & viewing, etc.
- **ePart is an effective ordering tool that strengthens customer loyalty!** With hot links directing your customers to promotions, discounts, *plus* informational videos, event announcements...you keep customers motivated to buy more, more often.
- **Connect your customers 24/7 to your store with interactive promotions.** By spending more \$\$ online, customers can earn rewards. You can target their needs better with discounts based on their purchasing volume, frequency and selections.
- **Your installer customers have quick access to cataloging, ordering, pricing, history** Each customer has their own login. Each customer navigates: viewing products, manufacturer's web links, current or past order details — plus more.
- **Your retail customers can access ePartConnection as your GUEST . . . NO log in required.** They can easily buy online, then pick up in store. With convenient options they can pay by credit card online or simply pay at the store!
- **Online service is faster! Customers will purchase with CONFIDENCE.** More importantly, customers will trust you to provide the parts they need and a hot shot delivery service they want. ePart's proven track record increases customer service, efficiencies, sales . . . plus so much more!

Give 'em what they want, when they want it 24/7
